

Texas Amateur Athletic Federation (TAAF) update on the Coronavirus Disease

TAAF is aware of the ongoing concerns regarding the COVID-19. Currently all TAAF Regional and State competitions are on as scheduled. TAAF will continue to monitor the situation and the information provided by health service agencies. TAAF is committed to helping our participants, coaches, officials and administrators take the necessary steps to help prevent the spread of this virus, and others, in the leagues, tournaments and programs they participate or manage.

Preparedness is key; therefore, we urge all parties to follow the recommendations set forth by the **Centers for Disease Control and Prevention (CDC)**. A trusted resource, the CDC recently posted information on **how to prevent the spread of coronavirus in communities**. We ask everyone to refer to these recommendations and check the **CDC website** regularly, as the guidance will be updated as additional information becomes available.

TAAF encourages all parties to work with their local health departments to review emergency operation plans and practice routine environmental cleaning, as well as proper handwashing **techniques** as recommended by the CDC.”
