2024-25 Undergraduate Catalog

Entrepreneurship, BBA

Defining entrepreneurship as a “process of opportunity exploration and exploitation,” entrepreneurship can manifest anywhere inside or outside an organization, within startup or large firms, in profit or not-for-profit enterprises, and in business or nonbusiness activities. This entrepreneurial process is one that can be learned and expanded through the development of entrepreneurial competencies and a broader entrepreneurial mindset that is universal and impervious to age, gender or social/economic background.

To fully understand the risks and rewards of entrepreneurial endeavors and processes, students in the study of entrepreneurship are encouraged to engage in entrepreneurial actions and experimentation with new methods, products, markets, business models, organizational structures, reward systems, technologies and more. Students also are exposed to the dynamics, paradoxes, myths and critical aspects surrounding the entrepreneurial process in an effort to help them integrate their entrepreneurial competencies by thinking entrepreneurially in their daily lives and future careers.

Grade Requirements

- A grade of at least C in each first-year English course ([ENGL 1301](#), [ENGL 1302](#))
- A C average in work completed in the major field
- A C average in work completed in the minor field

The required averages are based on those SFA courses taken in each category that are included in the student's official degree plan (CAPP). Transfer and advanced placement coursework are not included in GPA calculations.

In-Residence Requirement

Undergraduate Degree Programs

Undergraduate degrees require at least 25% semester credit hours completed in-residence.

Undergraduate degrees with 120 hours total degree program hours require a minimum of 30 advanced (upper level) in-residence semester credit hours. The in-residence hour requirement will be fulfilled as part of the individual discipline major, which includes at least 12 advanced in-residence semester credit hours. Minor requirements also may contribute to the total in-residence hours as at least six advanced in-residence semester credit hours are required. The balance of in-resident hours will be fulfilled through additional advanced semester credit hours and may include further major and minor coursework.

Undergraduate degrees with more than 120 total degree program hour requirements will ensure semester credit hours for the specific discipline include at least 25% of total semester credit hours in-residence.

Cianna Alliot
Aquatic Coordinator
City of McKinney - Parks and Recreation Department

03/28/2025

Dear Texas Amateur Athletic Federation,

I am delighted to write this recommendation for Catherine Seguin, who has been an outstanding employee in the Parks and Recreation Department of the City of McKinney since June 2024. Though our city does not offer tuition reimbursement for part-time employees, Catherine exemplifies the kind of dedication and commitment that truly makes a difference in our community.

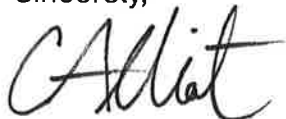

Catherine has consistently demonstrated her strong work ethic and her eagerness to learn and grow within our department. Working approximately 15 hours a week as both a lifeguard and a customer service representative, she has taken the initiative to request cross-training, showcasing her proactive nature and desire to expand her skill set. Her ability to assist with special events and engage positively with community members has greatly contributed to the inviting atmosphere we strive to maintain.

Her bright and cheerful personality, combined with her can-do attitude, has made her a valued member of our team. Catherine motivates her colleagues during every shift, and her enthusiasm is infectious. Throughout her time with us, she has never had any disciplinary actions, reflecting both her professionalism and her ability to work well with others.

I believe Catherine has enormous potential and would be an excellent candidate for the Assistant Pool Manager position for this upcoming summer. Her natural leadership qualities, coupled with her practical experience and dedication to our organization, position her as future management material in the Parks and Recreation Department.

I wholeheartedly recommend Catherine Seguin for this scholarship opportunity. She has proven herself to be a significant asset to our team and the community we serve. Thank you for considering her application. Please feel free to contact me if you require any further information or insights regarding her capabilities.

Sincerely,

A handwritten signature in black ink, appearing to read 'C Alliot', with a stylized, cursive script.
