Section 2 (Attach the additional sheets provided if necessary)

1. Describe volunteer and leadership experiences, accomplishments, honors, recognitions and awards received. These experiences may include academic, job related, and/or community service organizations with which you have been involved. Include your position and length of involvement.

Activities

Dates

Please see attached academic resume.

2. Please list your chosen or anticipated field of study and explain why you believe the field is important.

I have chosen to study pre-physical therapy at Midwestern State University with the goal of attending physical therapy school.

Sports have been a large part of my life since an early age. As an athlete, I have had injuries that have held me back such as tendonitis in my knees. I was treated by a physical therapist who helped me return to running without debilitating pain. This experience has inspired me to become a physical therapist. I would like to help people of all ages get back to playing sports or participating in whatever activities they desire pain-free.

3. How does Parks and Recreation have an impact on a community? How has it impacted you personally?

Parks and Recreation has an impact on the community by providing a place to enjoy the outdoors. People can utilize parks to participate in outdoor activities like running, hiking, biking, swimming and fishing. Parks also give people a chance to enjoy nature and interact with wildlife. Physical activity is important for staying healthy, and Parks and Recreation gives people a safe and beautiful place to exercise outside.

I have personally been impacted by Parks and Recreation because I love outdoor activities. I have spent many hours running the trails, taking my dogs for walks, kayaking, and fishing. The local parks and state parks have well-maintained trails where I can run many miles when I am training for cross country and track. My family and I have also traveled to several state and local parks in

Texas to explore new places, and I have wonderful memories of our family trips to these parks.

4. If awarded this scholarship, how would you utilize your educational experience to make an impact on the parks and recreation / leisure services profession in your community or society as a whole?

I plan to use my physical therapy degree to help others be active in sports and any kind of physical activity. I would like help organize or sponsor trail runs, fun runs and outdoor sporting events as a physical therapist. I believe that organizing these types of events will help encourage families and young children to be active and get outdoors regardless of their age and fitness level.

5. Explain your career goals upon graduation.

I will be attending Midwestern State University in Wichita Falls, Texas this upcoming fall to study pre-physical therapy. After I finish my bachelors degree, I plan to attend physical therapy school. My long-term goal is to work as a traveling physical therapist and possibly open a physical therapy clinic one day.

6. Are there any other factors you would like us to consider in evaluating your application? If so, please explain.

I am the oldest of three children in my family and my two younger siblings will both be in college in the next few years. I also plan to attend physical therapy school after earning my bachelors degree. I am applying for scholarships and will work to help earn money for college. I appreciate any scholarships to help me reach my goal of becoming a physical therapist.

Additional Comments:

Thank you so much for the opportunity to apply for your scholarship.

To whom it may concern,

I am writing this letter on behalf of Jackie Earley. I have had the pleasure of knowing Jackie for the past 6 years. I have known Jackie in several different capacities, from an athlete to a student to a student leader. The most rewarding aspect I have witnessed is watching Jackie grow into the young woman she is today. Jackie is one of the most driven students I know. She is compassionate and always willing to help anyone in need.

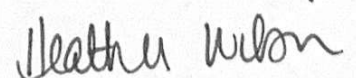

I have been blessed to watch Jackie grow not only as a leader in sports, but also as a dedicated student. Jackie has participated in Basketball, Track and Softball at the varsity level in her four years at Johnson City High School. I have seen Jackie overcome adversity and have to grow in leadership skills quickly. She is respectful but also has a way of garnishing equal respect from her peers.

Jackie is incredibly driven in her studies as well. She has big aspirations and I have no doubt that she will accomplish great things. Jackie is someone who has not only made an impression on my life, but someone who I will continue to cheer for long after she leaves Johnson City High School. Jackie is a one of a kind student and friend and she will continue to impress people with her kindness. I believe that Jackie will fulfill all aspects of her dreams because that is the kind of person she is. She will never stop trying, learning and growing in life and she has so much to teach the people around her about being a well rounded person and athlete.

I hope this letter finds you well and I hope that you will consider Jackie for your scholarship. You will not find another student who will use your generosity as fuel to drive her to complete her goals. Thank you for your time and I hope this gives you a small glimpse of what Jackie means to the people around her.

Best regards,

Heather Wilson
