Jackson Middle School Athlete of the Year (7th Grade)	2019-2020

2. Please list your chosen or anticipated field of study and explain why you believe the field is important.

Kinesiology: I believe that this field specifically sports medicine is vital to promoting physical health, improve overall fitness which will assist with preventing injuries. Kinesiology will allow me to stay close to the sports world, once my playing days are over. Essentially it will be a way for me to give back to the community and to sports, (pay it forward) for all the years of help that athletic trainers, doctors and others that have given me along the way. I just want to be able to help athletes whether they are young kids to high schools or even college athletes be able to play.

3. How does Parks and Recreation have an impact on a community? How has it impacted you personally?

Parks and Rec Centers are very important to the Communities that they serve. Even though programs vary from different parts of country, parks and recreation allow all ages to enjoy different activities. Giving all ages the opportunity to stay active, for instance youth sports help kids who may not be able to play club sports, along with allowing adults to volunteer to coach or take on a new sport to stay active. In the metroplex I live in, we have parks that have splash pads and water parks this allows all ages to stay active during the hot part of summer. Several parks have trails, whether for walking, running or biking each of these can be enjoyed, along with something that all ages of the family can do together. In some areas parks and recreation have cultural events, public art displays, picnic areas and even host seasonal events for holidays. Parks and Rec centers bring people together to have fun, celebrate and live life.

4. If awarded this scholarship, how would you utilize your educational experience to make an impact on the parks and recreation / leisure services profession in your community or society as a whole?

If awarded this scholarship I would use my educational experience to help improve the safety, health and well being of individuals in physical activities. With my background of a being an athlete first then expanding my knowledge with a degree in sports medicine. I could volunteer my time to help a city recreation center in my area develop a program to help educate, parents, kids and even older adults in injury prevention even help provide medical support at recreational events. My passion has always been to be around sports and I want to be able to help anyone else that wants to do the same, by assisting them with proper techniques for strenght and growth.

5. Explain your career goals upon graduation.

My longterm plan is to work my way up to being an athletic trainer at the professional level somewhere. I know that wont happen over night and that I will have to start out maybe at a high school or a college before I can work my my way up to the professional level.

6. Are there any other factors you would like us to consider in evaluating your application? If so, please explain.

I have been a member of FBC Rowlett for 10 years, prior to that I was member of Eastern Hills Baptist Church. Over the last several years at FBC I have been a leader for VBS, helping out with the younger children with games and actives. I am an active leader within the high school go groups and prayer groups. I attended youth, preteen camp every summer since middle school. I am part of a bible study group on Wednesday night, and youth sunday school and church service on Sundays. I have been active in FCA from middle school and continued with FCA into high school. I also play club soccer and have been a leader on this team and my high school soccer team being picked as a capatin on both. I also am in a dual credit program at Sachse High School through Dallas College and I am on track to graduate with my associates degree. Along with church I have volunteered at the local food pantry (Life Message), bonton farms. Also in 2015 the day after christmas a devastating tornado hit my community and my family along with members of our church community assisted in helping with the clean up, and helping others find missing items.

Additional Comments:

I will be attending East Texas Baptist University to continue my education and committed to continue my athletic career by playing soccer at ETBU.
